

working to increase awareness about the ecological and economic impacts from invasive plants ...

... encouraging cooperation among stakeholders and providing advice to Albertans

# A SERIOUS THREAT Invasive Plants

- ▶ displace native plants
- ▶ reduce biodiversity
- ▶ damage wildlife habitat
- ▶ decrease land productivity
- ▶ negatively impact agriculture and other industries

## WHAT YOU CAN DO Increase Awareness

- ▶ learn to recognize invasive plants
- ▶ remove seeds and plants from clothing, pets and vehicles
- ▶ only use seed mixes free of invasive plants
- ▶ keep your garden free of invasive ornamental plants
- ▶ learn more about invasive plants
